WORLD OF MAKEUP

Makeup is a means to boost self-confidence and self-expression.

Whether it's for everyday wear or a special occasion, makeup can be tailored to suit different styles and events, ensuring that you look your best and feel more confident.

Experience the bridal beauty at Frenyz Wedding Makeup. With our techniques and expert touch, we ensure you look flawless and radiant on your big day. Trust Frenyz for a perfect wedding look that enhances your glow. We offer two types of makeup.

DIFFERENCE BETWEEN

Airbrush makeup and HD makeup are both popular choices for achieving flawless-looking skin, but they differ in application techniques and formulations.

Air Brush

- Applied using an airbrush gun that sprays a fine mist of makeup onto the skin.
- Creates a lightweight, sheer, and natural-looking finish.
- Provides buildable coverage and is often used for special occasions or events due to its long-lasting and water-resistant properties.
- Blends seamlessly into the skin, minimizing the appearance of imperfections.

High Definition

- Refers to makeup specifically designed for high-definition cameras and photography.
- Uses specialized products that are finely milled and formulated to provide a flawless, photo-ready finish.
- Offers buildable coverage and can be applied using various techniques, including brushes and sponges.
- Helps create a smooth complexion, minimizing the appearance of pores and imperfections under high-definition scrutiny.

In essence, while both airbrush and HD makeup aim for a flawless look, airbrush makeup is applied using an airbrush gun and provides a lightweight finish, whereas HD makeup is tailored for high-definition cameras and aims for a flawless appearance in photography and film.
